Smithfield, VA 23431

HEPATITIS B VACCINATION DECLINATION

I understand that my volunteer work with the Isle of Wight Volunteer Rescue Squad may result in exposure to blood and other potentially infectious materials. This exposure can place individuals at risk of acquiring the Hepatitis B virus infection. I have been given the opportunity to be vaccinated with Hepatitis B vaccine at no charge to me, however, I decline the Hepatitis B vaccination at this time. I understand that by declining the vaccination I continue to be at risk of acquiring this serious disease.

If in the future I change my mind and want to be vaccinated with the Hepatitis B vaccine, I can receive the vaccination 3-shot series and that the Rescue Squad will pay the cost of the vaccination.
